List of One-Design Fleets "Active in Clyde Waters"

These classes are considered active enough to merit "recognised regulated one-design" status, meaning that there is an inspection regime and a requirement to join the relevant Class Association.

Handicap certificates for RROD classes are issued at a reduced fee since no Handicap Committee involvement is normally required.

Contact should be made via the relevant club, which can advise details of the current Fleet Secretary.

GARELOCH O.D. garelochod.org
